Dear Sir,

U. S. Mint

I have had ^{made to me} an offer of sale for an 1878 Blaud Dollar 7 feathers in the eagle's tail three leaves on the end of the branch that is held by the eagle ie it looks something like this  instead of  or three bunches of 3 leaves each)

Will you kindly inform me whether this coin bearing the 3 leaves only; was an error in the regular issue or simply a pattern piece of rejected design - Your answer will oblige. The piece is to be sold soon and I desire to know as soon as possible or I will lose chance.
